Community Fastball League Organized

A men's community softball league was formed here last Monday evening. A group of interested persons got together earlier this year and discussed the possibilities of forming such a league. It was found that sufficient interest in this activity was evident and the group progressed with their proposals.

The league will consist of six teams with four companies and two two churches being represented. The teams will come from Pan American, Drayton Valley Businessmen, Pembina Pipeline, Pembina Meter Service, the Lutheran Church and the Catholic Church. Players for all teams are presently being recruited and anyone interested in playing softball should get in touch with the Recreation Office or someone in charge of the teams in question. You may play for the team of your choice in any case.

The proposed schedule will consist of sixteen games for each team. It will extend from about mid May to mid July. This will be followed by a playoff involving the first four teams finishing in the league race. The playoff series both for the semi-final and the final round shall consist of the best of three games and hopefully all play will be completed by August 1st. A trophy will be presented to the winning team.

It has been a few years since softball was played here on an organized basis and we hope that this league will meet a need in this community that has been brought to our mind many times in the past.

New Name For Junior Red Cross

Junior Red Cross, a movement that for the past 45 years has had literally millions of Canadian youngsters enrolled under its banner, has been renamed Red Cross Youth.

The change, which will go into effect immediately, was made to show more adequately the scope of the youth program since membership ranges from five to 21 years.

There are close to two million young Canadians enrolled in Red Cross Youth; this includes 35,000 Alberta members in 1,123 classrooms.

Although the name has changed the traditional program of promoting health, services to others and international understanding will remain the same.

View Race Canoes At Rocky Saturday

A preview of the 1967 Voyageur Canoe Pageant was seen last weekend when the prototype of the canoes which will be used in the cross-country Centennial trek were tested by the Alberta paddlers in the Saskatchewan River at Rocky Mountain House

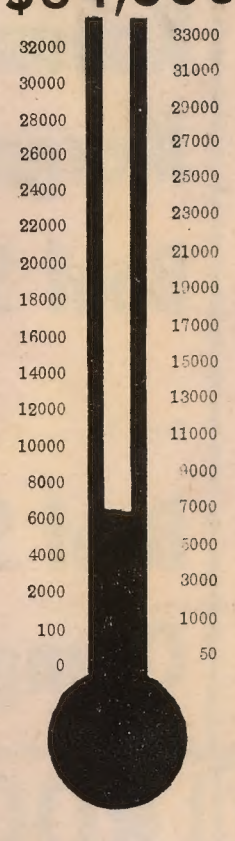
Prior to the canoe testing at Rocky Mountain House, Canoe Pageant Commodores from all across Canada met for two days in Calgary, finalizing plans for the 3500 mile recreation of the route used by the voyageurs almost 100 years ago. The meetings held Friday and Saturday, April 15th and 16th at the Holiday Inn, Calgary, and, in addition to the commodores, were attended by Centennial Commission officials from Ottawa, and representatives of the Provincial Centennial Committees.

The trip from Calgary to Rocky Mountain House was made by bus on Saturday, and the actual river testing carried out at 4:00 p.m., immediately following the party's arrival at the site.

Cadets to Sell First Aid Kits

The Drayton Valley Legion Air Cadet Squadron #733 will hold a First-Aid Kit Sale during Air Cadet Week, April 24th to April 30th. Air Cadets will call at your home with the kits. The price is $1.00 per kit and the proceeds will go toward furthering Air Cadet activities in this community. Support this very worthy cause when the Cadet knocks on your door.

Centennial Fund $34,000



The following is a list of donors who contributed to the Centennial Fund last week.

R. W. Mattoon; Drayton Valley Ladies Curling Club; Otto Guze; Gene Selva.

STEREO WINNER

Lucky winner of the stereo raffled by the Lions Club, Don Enyedy (left) is shown above receiving the congratulations of Lions president Stu Lunan. The draw was made last Friday evening in the Pembina Drug Store with young Brian Greenwood of Edmonton drawing Mr. Enyedy's name from the box of tickets. Brian was visiting in Drayton Valley at the home of his aunt, Mrs. Thelma Cuthbertson.

Air Cadet Week Functions Planned

April 24th to April 30th is National Air Cadet Week. During this week the Air Cadet League of Canada will celebrate the 25th anniversary of its founding. Mammoth parades, extraordinary Church parades and other extravaganzas will be held across the country from St. Johns, Newfoundland to Victoria, B.C. to mark this anniversary.

The Alberta Provincial Committee of the league is going ahead with extensive plans for the celebration of the anniversary. A mammoth parade will be held in Edmonton on April 24th at 10:00 a.m. in which all squadrons from the province will take part. This will be followed by a Church parade at the Jubilee Auditorium and lunch at the Food Service Building on the University of Alberta campus.

Coming nearer home, the Drayton Valley Legion Air Cadet Squadron will take part in the aforementioned parades. The local squadron, officers and cadets will travel to Edmonton on Sunday morning, take part in all the functions and return home that evening.

This promises to be one of the outstanding functions ever put on by any cadet organization in this province. Parents, relatives and friends of cadets in the local squadron are cordially invited to attend this function. Support your Cadets by accompanying them to Edmonton on April 24th. They will be looking forward to seeing you there.

Wins $1,000

Eighteen year old Kenny Durham of Violet Grove won $1,000 in cash on Thursday at a bingo in the Edmonton Gardens on his third try at playing the game.

Six other persons bingoed at the same time as Ken and he won the tie-breaker.

When asked what he intended to do with the money Ken replied, "I'll either put it in the bank or buy some savings bonds."

Clean-Up Week May 9 to 14

Between now and the week of the 9th to 14th of May, 1966 all householders are asked to make special efforts to clean and tidy up their yards and deposit the refuse collected in suitable containers or piles to permit easy pickup by the garbage collectors during the cleanup week.

Your co-operation in this clean-up campaign will help to insure a clean, tidy, attractive town. In this way we, as residents will enjoy better health, better attitudes and better reputations. Also our visitors will be treated to an attractive, orderly sight when they drive about and will be enticed back for more visits.

LET US CLEAN UP OUR YARDS NOW!!

Drayton Valley, Alberta

Planning Started For Stage Show

On Monday evening the Anglican Church was the scene of an informal meeting for those persons interested in the stage show to be put on during Drayton Valley's Klondike Kampers Karnival July 15th and 16th.

Many aspects of the show were discussed and although nothing is definite as of yet, the main theme is hoped to go something like this:-

In addition to the main Klondike routine it is thought that the people from the many different walks of life and nationalities should be represented and the parts they played in this drama of the North, should be portrayed. As well as being unique this idea would not restrict the performers to any certain field, thereby providing better and more varied entertainment.

Many people are needed to make this show a success. As well as entertainers, there is an urgent need for backstage help which would include sets make-up and wardrobes. The position of master of ceremonies is also waiting to be filled. If you would like to do any of the above, submit your ideas or take part in any way, you are asked to contact either Barney Germaniuk or Jack O'Rourke.

These shows should be ready by the first of June as this is when rehearsals will start. It is hoped that certain acts will be ready two weeks or so prior to the festivities to enable them to go out to other towns.

The next meeting is scheduled to be held on May 7th. Watch this paper for further information.

Committee Meeting

A meeting of the Klondike Kampers Karnival Committee will be held Monday, April 25th in the Town Hall commencing at 7:30 p.m. sharp.

Time is getting short and all committee members are urged to attend. An invitation is also extended to all others interested.

SPORTSMEN'S SCHOOL

The local Fish and Game Association plan to hold a hunters training Instructor's Course. For further information phone Mike Davidiuk at 542-3173 or Marv Grue at 2159.

BOTTLE DRIVE

The Drayton Valley Wolf Cub pack are holding a bottle drive Saturday morning, April 23rd. Residents are asked to have their empty bottles ready for the boys when they call.

Some lucky youngster will be the recipient of the beautiful playhouse shown above and being raffled by the Drayton Valley Lions Club. The playhouse is still under construction and in the above photo Adam Eckert (in the doorway) discusses progress with Lions president, Stu Lunan.

W.A. Meets

The regular meeting of the Anglican W.A. was held on April 6th with 12 members present.

Mrs. Ingram and Mrs. Burrows led the worship period. All reports were read and adopted.

Hospital visitors for this month are Mrs. Stordosval, and Mrs. Mastre.

Mrs. Ingram brought some very interesting information on ministers and missionaries in Japan. They are truly a wonderful and dedicated group.

The meeting adjourned and lunch was served.

Community Building

Nearly 1,000 communities in Canada have a Chamber of Commerce or a Board of Trade. It is a tribute to our democratic system that we Canadians have the freedom to form such voluntary organizations in each of our villages, towns and cities. How lightly we accept our freedoms! It is a tribute to the nation that over 125,000 Canadians in every area of the country devote time, leadership, effort and money to conduct organized efforts designed to make our communities better places in which to live, work and play.

A Chamber of Commerce member is, above all, a good citizen. He is a good neighbour. As a member of the community he is considerate of the feelings and needs of others. He sets apart some of his time and puts forth some effort to help his neighbours to make their community a better place. He takes an active part, with his neighbours, to make the government of the community work better. As a corporate citizen he assures that his company is involved in community activity.

During Chamber of Commerce Week, April 17th to 23rd, 1966, the national spotlight is on the Chamber of Commerce movement across Canada. Standing for good citizenship, good business and good government, the Drayton Valley and District Chamber of Commerce merits your support as do those in neighboring communities.

Have We a Winner ?

Readers of the newspaper are again reminded of the Calgary Power Junior Citizen Awards for which nominations close on July 31st of this year. An act of courage, initiative or merit performed by a young person or group could win an award.

Think it over! If we have someone or a group anywhere in the area that deserves recognition let's see that they get it. Phone or write the editor of The Western Review--we'll gladly help present the nomination.

In The Legislature

By Mrs. C. R. Wood M.L.A.

Tuesday afternoon following the Easter Recess in the eighth week of the Session, the resolution dealing with the report of the special committee conducting a survey of the powers of boards and tribunals was debated and concluded. R. Davidson (S.C., Three Hills) dealt with the problems farmers have in negotiating with oil companies in oil sites and pipeline easements. He approved of the recommendation in the report which states that the conduct of agents in dealing in land should be fair and proper and that more information should be provided to farmers concerning dealings for lands. He agreed that an Ombudsman would be helpful.

K. Everitt (S.C. St. Albert) followed in the debate and urged that all agents negotiating for lands should be licensed and bonded. He contended that the member of the Legislative Assembly performs the functions of an ombudsman and should one be named, he suggested that he act only after the member has been consulted. On a voice vote the motion was carried.

E. Gerhart (S.C., Edmonton North West) chairman of the committee set up by the Legislature on March 4, 1966 to recommend the incorporation of Indian Reserves within provincial constituencies and provide for an additional seat in Edmonton and one in Calgary, gave a detailed report of new boundaries including the various Indian reserves.

In Committee of the Whole Assembly study was made of the bill providing for the cancellation of certain sales of goods and services. It

Once Upon a Marsh

The story of waterfowl -- one of Canada's diminishing natural resources -- will be examined in the fourth and final program in this year's television series, Canada 99.

"Once Upon A Marsh", sponsored by The Canadian Life Insurance Association, will be shown on the CBC English TV network Wednesday, April 20, 8:30 to 9:30 p.m. local time

The program recalls the beauty of the waterfowl world when skies were black with ducks and geese against the sun. It discusses the decline of the waterfowl population and points out that mankind needs a world of nature in which to grow and develop.

But agricultural practices such as haying, grazing, draining and filling have greatly depleted the breeding areas of waterfowl. Farmers responding to economic necessities feel they have no alternative to draining the marshes Waterfowl also face other threats to their existence -- water pollution, indiscriminate insecticide and herbicide spraying, hunters and radioactive fallout.

Because our waterfowl have been drastically reduced over the years, it is time for Canadians to decide whether they want to conserve this heritage and take the proper measures to ensure that we never have to begin stories about Canadian waterfowl with "Once Upon A Marsh".

Moon Lake News

Mrs Barabara Schenk, Correspondent

The Whist party held at the hall on Saturday the 9th was well attended. This is the last one for this year.

Our regular monthly meeting was held on Monday, the 4th and it also was well attended. It was decided to have the dance on Friday, April 22nd with The Ramblers supplying the music.

At the ladies' meeting on the 6th it was decided to have a Turkey Shoot, Rummage Sale on Saturday the 16th. A meeting was held again on the 13th in order to prepare for this. The ladies finished the varnishing and painting at their meeting.

Mrs. Don Cherrington held a costume jewelery party in the hall on Tuesday afternoon, April 12th.

On the evening of the 12th the young folk held their first meeting to form a club. Donna Cherrington was elected chairman and Bobby Ukewitch, secretary. Twenty seven young folk attended and all enjoyed dancing to records afterwards.

We are sorry to hear that Thurlough Chambers is in the Drayton Valley Hospital. We hope he will be home again soon and feeling better.

Diane Bush and Donna Cherrington spent the weekend in Edmonton.

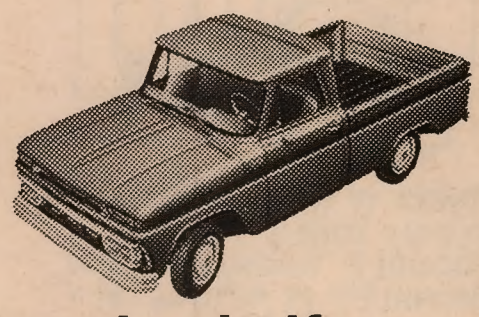
The Romanchuk family spent Easter weekend with relatives in Edmonton.

Jerry Chambers and his father, Merle Chambers were Easter week visitors. Also Walter Whyte and his son Brent.

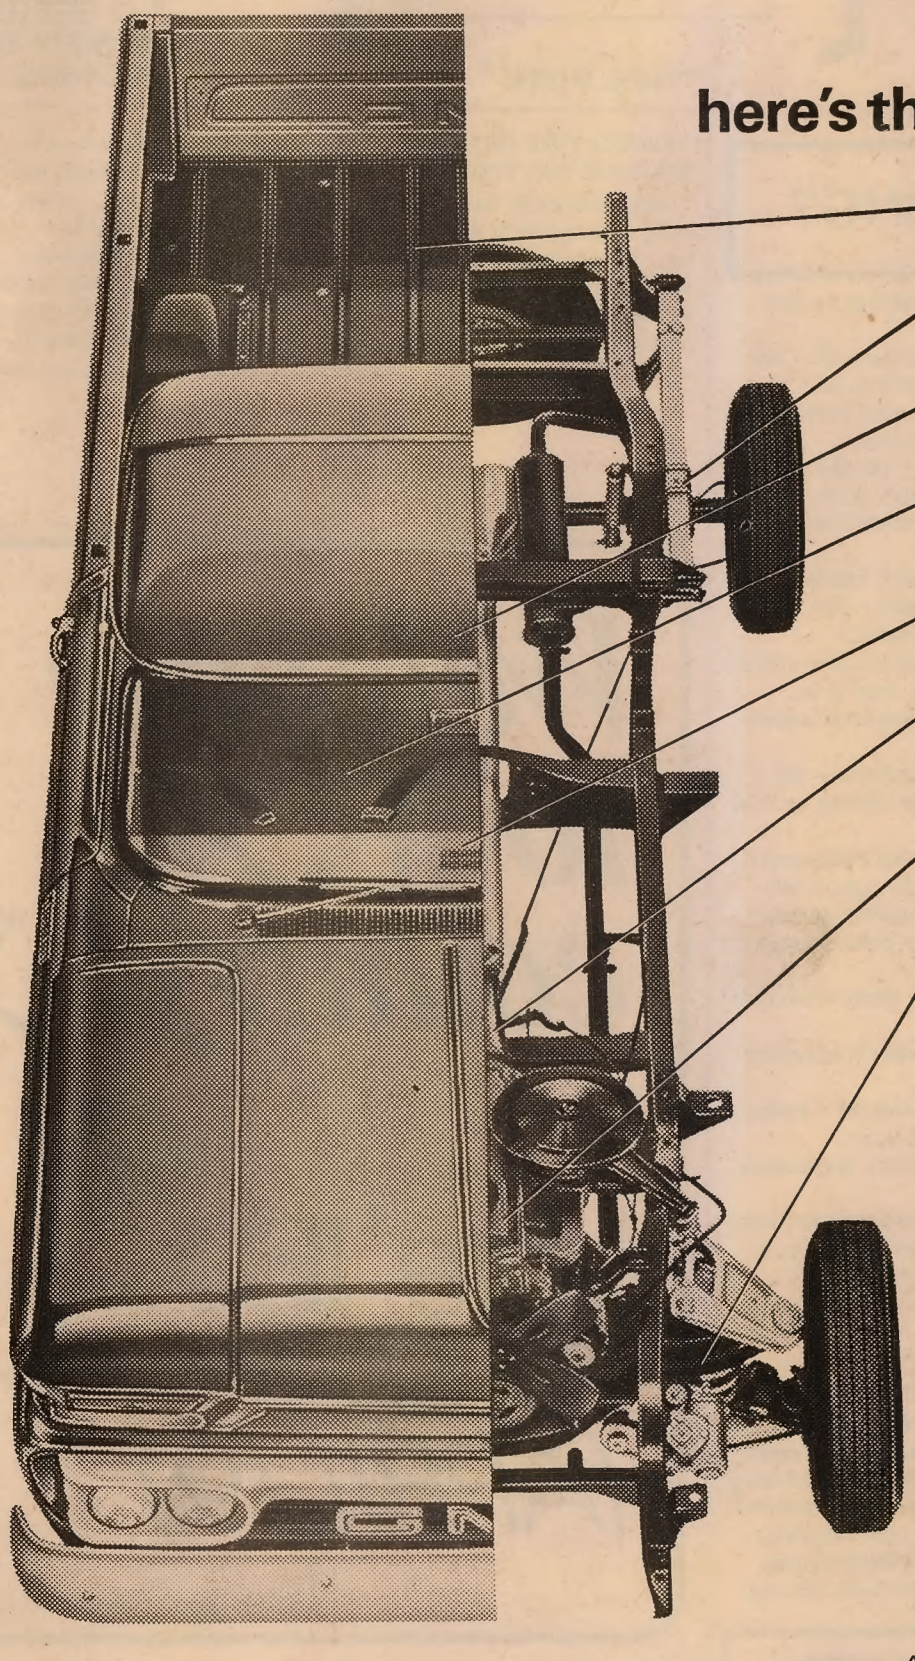
My nephew, Richard Wallbank who has spent the past year travelling around the world, paid us a visit last week. We hope to see the pictures he took soon. By the way, he likes Canada best. Hope everyone had a Happy Easter.

If you expect to retire within the next ten years, have well-planned hobbies to occupy your leisure time or, if necessary, to augment your pension. Sudden idleness after a busy life can be both a mental and physical hazard.

The outside of a GMC pickup is only half the story...



here's the other half.



The GMC pickup's box floor is made of preservative-treated wood. It can't rust; won't "drum." Stays like new longer!

Standard two-stage coil rear suspension automatically adjusts springs to load demand. Optional heavy duty leaf springs shown here.

Double roof-panels with sandwiched insulation help keep driver warm in winter, cool in summer and cut down on noise in cab.

Standard cab comfort and convenience features include windshield washers, two-speed electric wipers, and comfortable, deep-padded seats with two seat belts.

Printed circuit for instruments eliminates spaghetti-like tangle of wires, ends shorting, makes circuit-tracing easy.

A sturdy three-speed manual transmission is standard. Or choose an extra-cost heavy duty three-speed, four-speed, or automatic transmission (on most models).

Standard GMC pickup engine is an eager 250 cu. in. six with 155 hp. More powerful engines are available, including a 170-hp six, a 175-hp V8 and a 220-hp V8.

Independent coil-spring front suspension makes GMC ride almost like a car. The load is better cushioned and handling is easy at any speed. GMC pickups are great with camper backs.

TEMPERATURE CHANGES INCREASE EGG VOLUME

Egg production has been increased in trials at Nottingham University by raising the temperature in the henhouse at night, but allowing it to remain cool during the day.

While temperature is low during the day, the birds eat as much as they can. When the night temperature is raised ten to fifteen degrees, the laying birds, having eaten more than they need for warmer conditions, use some of the extra food to produce more, or larger, eggs.

The Centre Block of the Parliament Buildings in Ottawa which contains the House of Commons and Senat Chamber, has a total of 490 rooms.

In The Legislature

Continued from page 3

makes it possible for persons who agree to buy goods or services from door to door salesmen to cancel the sale agreement within 4 days of the sale or in certain other circumstances within one year. This bill is similar to the Hire-Purchase Act 1964 of the United Kingdom and those in Manitoba and Saskatchewan in 1965.

On Wednesday, in Committee of the Whole Assembly a bill, The Alberta Lord's Day Act was passed clause by clause. It authorized commercial sports on Sunday afternoons for which a fee is charged, in municipalities where a majority of the electors vote in favor of it. The Lord's Day Act of Canada makes various commercial activities unlawful on Sundays, "except as provided under any Provincial Act." This bill sets out an exception to the Federal Act and the hours during which sport events may be held on Sunday will be between 1:30 and 6:00 p.m. Horse or dog races, boxing or wrestling are not allowed under the bill.

The School Act was amended raising the compulsory school attendance age from 15 to 16 years of age.

Under the Daylight Saving Time Act, a Province wide plebiscite may be held on the adoption of daylight saving time and by a majority vote, it may be proclaimed that between 2:00 o'clock in the morning of the last Sunday in April and 2:00 o'clock on the morning of the last Sunday in October, daylight saving shall be in force.

The Credit and Loan Agreements Act studied clause by clause in the Committee of the Whole Assembly ensures as far as possible, that persons borrowing or receiving credit from credit grantors, shall be fully informed of all the terms and conditions upon which the lending and granting of credit is made. The credit grantor is the 'seller in a time sales agreement or the lender in a loan agreement'. The provincial treasurer is charged with the administration of the Act and he is authorized to appoint a supervisor of consumer credit, and outline his duties and powers. He will conduct studies to determine the identity of all credit grantors in the province and their business practices.

Study was started on the Vehicles and Highway Traffic Act Amendments which provide that where a peace officer suspects a person of driving while under the influence of intoxicating liquor and requests the person to submit to the taking of a specimen of his breath and if the person refuses to comply with the request, he is guilty of an offence and liable on conviction to have his operators' license suspended by the convicting magistrate or justice, for a period not exceeding three months.

Summary Separate Board Meet

The regular meeting of the board of trustees of the Drayton Valley R.C. Separate School District No. 111, was held at St. Anthony's School last April 3rd.

The meeting commenced at approximately 1:50 p.m. with the following trustees and officers in attendance: Mr. E.C. Meraw, Chairman; Mrs. E.A. McGee, Vice-Chairman; Mr. J.L. Serenas, Trustee; Mr. T.P. Mulgrew, Trustee; and Mr. A.E. Andruschak, Secretary-Treasurer. Mr. J.A. Orieux, Principal was also in attendance.

A.E. Andruschak advised the board that a good number of teacher applications were received for employment with the commencement of the 1966-67 academic year in September. The majority of the applications received, came from teachers wishing to teach in the junior high school grades and the grade 10 high school grade, which will be offered at St. Anthony's School this coming September. Offers of employment were forwarded to suitable applicants for positions in the Junior High School and High School.

Reporting on the anticipated entrollment in the primary and elementary grades for the coming term, Mr. Orieux pointed out that four more teachers will be required to fill positions from grades 1 to 4 due to the heavy enrolment expected. The secretary was directed to contact the Alberta Catholic School Trustees' Association advising them of the teacher requirements for the primary and elementary grades.

Outstanding accounts for school-book-rental in the amount of $210.46 was presented to the Board for their examination. Mr. Orieux was directed to take the necessary measures to collect the outstanding accounts. The Secretary-Treasurer advised that $12.92 of the outstanding accounts was uncollectible.

The board agreed to review the present insurance coverage on the school, and the secretary was directed to arrange a meeting with the school's insurance agency for the purpose of discussing any changes or additional coverage that may be necessary on the present policy.

On a motion by Mrs. McGee it was agreed that Resolution No. 218 be amended, and that future regular meetings be held on the first Sunday's of each month with the commencement time to be determined prior to each meeting.

The Secretary-Treasurer reported that the two reservations for the Board Administration Seminar, to be held in Edmonton from April 14 - 16, had been cancelled by the Alberta School Trustees Association due to a capacity booking. However, they later advised that one vacancy existed and reservation was made for one representative. Mr. Meraw, Board Chairman, advised that he would be free at that time and would attend the Seminar. A short discussion took place regarding the paving of the school driveway and the Secretary was directed to contact the Town of Drayton Valley to obtain further information on cost of the project and the possibility of paving the driveway through the Town on a five-year pay-back plan.

On a motion by Mr. Serenas the meeting was adjourned.

Eleven Credit Unions in Alberta will celebrate their twenty-fifth anniversaries in 1966.

FUA MEMBERS ENJOY SUPPER

An interested audience is shown in the top photo watching slides shown by Ken McKenzie of his trip with a group of FUA membership campaign winners to the west coast and northwestern states last summer. The Drayton Valley local last year won the contest for gaining new members in the district, repeating its performance of the previous year.

The lower photo shows the buffet line preparing to enjoy the delicious supper prepared by ladies of the district.

A regular meeting of the local followed the supper and two guest speakers, Dr. Bob Findlay and Mayor Howard Pickup, addressed the gathering.

CANADIAN SHEEP POPULATION DOWN

Total sheep and lamb numbers in Canada at December 1, 1965, amounted to 765,000 head, down 8 percent from a year earlier. This is the lowest level since 1940 when sheep population records were first commenced The decline was common to all provinces and more so in the West than the East.

The largest white diamond, the Cullinan (3,106 carats), was found in South Africa.

Cardium THEATRE DRAYTON VALLEY

SHOW TIME 8:00 P.M. EACH NIGHT
SATURDAY 2:00 P.M. AND 8:00 P.M.

Friday, Saturday and Monday - April 29th, 30th and May 2nd - SHENANDOAH - James Stewart in technicolor.

Elks Fund Aids Needy Children

In this community, the Elks Lodge and its Auxiliary, the Ladies of the Order of the Royal Purple, are two of the more than six hundred lodges of these combined Orders across Canada which are contributing to the Elks Purple Cross Fund. The two Orders through the medium of this Fund have granted over a half million dollars to assist children in Canada during the past ten years.

Contributions to the national fund from the local Lodges here have made possible financial assistance to any child in Canada, eighteen years or under, whose parents are unable to take care of medical or surgical attention the child may require. This unique fund in addition also supplies wheel chairs, hearing aids, eye glasses, artificial limbs and hundreds of other treatments not covered by any other welfare organization or charitable funds.

Lodgepole News

Mrs. Norquay
Correspondent

Recent visitors at the home of Mr. and Mrs. H. Elliott were their daughter Lavonne and Verna Brinker of Red Deer. Also visiting at the Elliott home were Mr. and Mrs. Walter Petruniah of Edmonton and Mr. Elliott's brother and family, Mr. and Mrs. Wendall Elliott, also of Edmonton.

Mr. Jay Summers is back in Lodgepole after a visit to Whitecourt.

Mr. Reg Knapp and Mr. G. Schmidt brought some tired Scouts and Cubs home one night last week after a very pleasant day in the city. The boys appeared on the Noon Show on CFRN TV and later attended the Legislative session and had a talk with Mrs. C. R. Wood, MLA for Stony Plain. To round out the day they were taken through the Silverwood Dairy.

On Saturday, April 23rd the Scouts are holding a car wash at the BA. So come one and all and make it a big success again this year.

On the same day the Cubs will be out on a bottle drive.

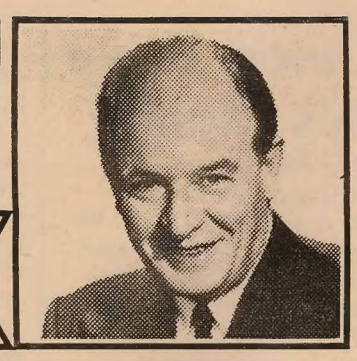
Centennial Report



1867 1967

by JOHN W. FISHER
CENTENNIAL COMMISSIONER

Report No. 3

What small town or city in Canada has not been served, at some time in its history, by a Chinese restaurant or a Chinese laundry? Our communities have been built by the contributions of many cultures and it occurs to me that too often the contributions of the Chinese have been overlooked.

In earlier times the Chinese provided the backbone of labour for railroad building. They were the cooks in mines and lumber camps. Gradually they developed small businesses and provided services to communities which few others were prepared or able to offer. They still do that today and scores of small communities would have no public eating places if it were not for Canadians of Chinese extraction. Also they provide a cultural addition to our cities and their glamorous and interesting modern "Chinatowns".

These contributions I have mentioned are some of the more noticeable ones. Chinese Canadians today are active as well in most other areas of Modern society -- in the arts, the professions, in business, even in politics. For example Mr. Peter Wing recently became the first Chinese Canadian to be elected mayor of a Canadian city, at Kamloops, B.C.

The people of Vernon, B.C. are quite aware of the contribution the Chinese have made in the development of their community. What has made them more aware recently is an offer by the Chinese community of Vernon to build a tea house as a Centennial project in the city park. Walter Joe, spokesman for the Chinese community's Freemasons and Dart Coon Club, told the city council that some of the old timers wanted to build the tea house as a reminder of the new and old cultures.

I can agree heartily with the Vernon News which commented in one of its editorials: "Chinese Canadians should be saluted on their desire to play a part in celebrating the 100th anniversaries of B.C. and Canada. In this way their part in the building of a nation, which we tend to overlook, can receive the recognition it deserves."

The first Chinese arrived at Vernon 60 to 70 years ago and the community reached 700 people around the time of the First World War. The News states that they went to Vernon in force with the building of the railroad and earlier some took part in the Cherryville gold rush. "They stayed to provide the labour needed to operate canneries and the agricultural industry. It was menial labour because they lacked the education and knowledge of the language to get better jobs.

"But the Chinese established themselves as hard workers and good citizens. Many became prosperous businessmen and played a significant role in the community's development." I might add that, whenever the Chinese were allowed to bring up families in Canada, they strove to give their children higher education.

It is easy to see that the Centennial is not only an occasion of celebrations. It is a time when we are reminded that Canadians of all backgrounds have developed this country and that we cannot afford to think that any group of us can be self-sufficient in isolation. I believe that the Centennial projects -- the big ones being conducted on a national scale and the small ones like the Vernon tea house- will remind us that Canadians originated from societies and cultures all over the world and will increase our understanding of each other's way of life and point of view.

Young People Invited to Safety Film

"Signal 30" will be shown in Drayton Valley and all interested youths and adults are welcome to attend this movie on highway traffic. This film is not suitable for younger children.

Mr. Jack McKay of the Department of Highways Safety Patrol will be present at the Church of God on Friday, April 22nd at 7:30 p.m. to show this highly educational film. It is hoped that the youths and adults of town and district will take the opportunity to see this show.

KINDERGARTEN REGISTRATION

Registration for kindergarten classes beginning in September will take place in the United Church Vestibule, between 2:00 and 5:00 p.m. on Thursday, April 21st. There will be room for only 40 children and acceptance will be based on a "first come, first serve" basis. Otherwise your child's name will be placed on a waiting list. Being on a waiting list does not guarantee that your child will gain entrance to Kindergarten during the year. In order to avoid disappointment we would advise that you come out early Thursday afternoon.

Through a program of integrated activities, the kindergarten tries to help each child:

1 - to achieve greater self-direction
2 - to acquire a wider, more meaningful background of experiences and
3 - to mature physically, mentally, socially and emotionally.

1. Achieving greater self-direction: All the activities are aimed at promoting self-direction.

(a) Free play (or "self-directed activity period"). This includes library table, art work centre, dramatic play centres, use of large and small educational equipment, science corner, etc. The child plans, carries through and appraises activities he chooses himself. The same applies to outdoor play.

(b) In the organized group the children, with the guidance of the teacher, plan and carry out group projects--e.g. art (Murals, etc.), science collections, picture collections, excursions, etc. Children contribute ideas to discussion groups, songs, rhythmns, etc.--thinking and expressing thoughts, not just listening to a "lecture".

2. Achieving a wider and more meaningful background of experiences: We begin with the "known" (e.g. home, family, helpers) and proceed to our broader environment, including excusions to the "outside world". We use a variety of teaching aids and standards.

3. Developing physically, mentally, socially and emotionally:

(a) Physical: Before we teach a child to read, we should know that he is physically ready-- in eye, ear, brain and speech development, motor control and attention span.

(b) Social: There is accomodation for children at every level of social development, from parallel play to advanced social relationships. Indoor activity: science corner, blocks, doll centre, all help to promote social development. Outdoor: games encourage cooperation. Organized groups: We work together (talk, listen, sing and move in rhythmns). We share experiences and the planning of them.

(c) Emotional: The child must feel emotionally secure to talk freely. He needs simple, repetitive and clearly-defined rules and routines which give him freedom to move about and talk, to play energetically (but not wildly) and enjoy large-muscle activity. To develop emotionally, the child also needs a socially acceptable outlet for tensions (e.g. doll's house dramatization, stories, music.)

Any reading work attempted must be short, repetitive and of high interest value. We have an interesting table book. When a child feels at home with books, he can better conquer the reading of them. The teacher can extend the child's appreciation of books and help create a consuming desire to learn to read.

To read well, the child must also speak well. He must also understand the meaning of words and their ideas, so that his reading will be meaningful to him. He should, by hearing and following good language patterns, develop clear enunciation and a feeling for sentence structure. The skilful teacher controls talking, without disapproving of it, so that children express themselves freely but take turns. We use group discussions, news period, telling about an object brought from home, science table, picture corner, trips and excursions, to stimulate conversation. We play games, where each child repeats the same chant. Songs help us to vocalize in a group, enunciate clearly, become aware of rhythm and creatively express ourselves. Other helps: Appraisal of handi-work, dramatization of stories and incidents and picture study (using episodic pictures arranged in sequence.)

HELP! HELP!

Yes, HELP is the word I meant to use. Once again the Drayton Valley Chapter of Nurses is asking every citizen who reads The Western Review to consider donating on Monday, April 25th from 2:00 to 4:30 p.m. and from 7:00 to 9:00 p.m. at the high school auditorium.

May we also remind you that summer is fast approaching and with more cars on the road (some from Drayton) there are bound to be accidents with victims needing blood. By giving now, we can assure a supply. Also, all you folks who have received Gamma Globulin, did you realize that blood donations are needed to produce it.

Every adult has between 12 and 13 pints of blood in his body. Please consider donating one pint on April 25th if.....1. you are between 18 and 25 years of age, 2. you are in good health and have not had Infectious Hepatites and 3. it has been three months since your last donation.

If you are "chicken", "scared" or "doubtful", remember you lie down during the donation and also after - wards so you need not watch at all.

As in the past, the Hospital Auxiliary helps supply meals to the Red Cross staff, the Order of the Royal Purple serve coffee and donuts at the clinic for the donors and the A.A. R.N. sponsor the clinic. This year the Junior Red Cross will help advertise and assist in any way possible.

Now all we need is each citizen's support so please come. On behalf of the A.A.R.N., may I say "Thank you" in advance for the pint you will give.

Sincerely,
"Hy Dahl"

Cancer Drive This Month

The 1966 fund-raising campaign of the Canadian Cancer Society got under way April 18th in Drayton Valley.

M.L. "Fritz" Hanson announced recently the Alberta Cancer Crusade is $421,175.

The Crusade slogan, "Fight Cancer with a check-up and a Cheque" is again being stressed during the drive, which will run throughout Alberta for the month of April.

Mr. Hanson said the Alberta Division provided $210,485 for research and fellowship grants to the McEachern Laboratory and the University of Alberta in Edmonton last year. Important research through biochemical investigation into the cause of cancer is conducted at the Alberta research unit.

D. V. Highlights

BY MRS. EDITH DEBY

A wedding of interest to many of us here was solemnized in Vauxhall on April 8th when Miss Betty Petek and Mr. Donald W. Glen who ranched in the Lodgepole area for some years, exchanged vows.

Mrs. Albert Lainchbury will entertain at a bridal shower for Miss Vallee Urchyshyn on Monday, April 25th at 8:00 o'clock. Miss Urchyshyn's friends are cordially invited to attend.

Mr. and Mrs. Robert Elliott roamed far afield during the Easter holiday. Travelling by bus they visited San Fransisco where Mr. Elliott's brother teaches. They took a tour of the city and visited such points of interest as Fisherman's Wharf and Twin Peaks.

Saw Miss Phillippa Chapman in Vancouver last week. Miss Chapman was District Health Nurse in Breton for several years and wished to be remembered to all her old friends.

Mr. and Mrs. Daniel Bills visited friends in Vernon for several days during Easter Week.

It is with deep regret that we learned of the sudden death of Mr. Albert Wikander. Our deepest sympathy is extended to his mother, sisters and brothers.

We hear that the Farm Union Potluck Supper was a marked success and that anyone who was unable to attend (that means me) missed the treat of Kenneth MacKenzie's travel pictures.

Mrs. Hugh MacKenzie and family visted Creston for the holiday. Master Brian MacKenzie was thrilled by his visit to a sawmill and to the office of the Creston Review where he had his name moulded in type. Mr. MacKenzie is expected home in mid May from Texas where he has been taking special courses.

Mr. and Mrs. Hubert Davidson are holidaying in Ontario. They are travelling by plane and expect to be gone a week.

Best wishes for future happiness go to Mr. and Mrs. Frank Law whose marriage took place in Drayton Valley on Saturday.

ATLANTIC CITY, N.J.

Mr. Bruce Hogle, Manager of the News and Public Affairs Division of CFRN RADIO, has been named the winner of an award for "CONSISTENTLY OUTSTANDING RADIO EDITORIALS."

Mr. Hogle was the only Canadian named for an award by the Selections Committee of the NATIONAL HEADLINERS CLUB, and was the unanimous choice of the judges. Some other award winners were TIME and LIFE magazines, C.B.S. NEWS, LOOK magazine and the NEW YORK NEWS.

Awards will be presented at the annual HEADLINERS' FROLIC in April, sponsored by the Atlantic City Press Club.

Mr. Hogle's Minitorials are heard daily at 8:10 a.m. on CFRN Radio.

Trophy Winners

Shown above are Bob Henderson (left) and Allan Casey who won trophies as the most valuable players to their team, the Drayton Valley Pee Wee Oilers. The team played in the Highway 16 West League.

Baseball Program Underway Soon

Weather permitting, the minor baseball program should get under way in the very near future. To date interest has been very low in the sport both at coaching and participant levels. It is expected though that when the weather becomes more favorable things will pick up in baseball as well.

From here it would seem that most of the action in our minor baseball program this year will be concentrated at the Pee Wee level. It possibly may be a six team Pee Wee League within Drayton Valley and district. At a later date an all-star team may be formed to play exhibition games and take in the odd tournament. There may be one Bantam team playing here however, hopes of forming a Midget or Juvenile team would seem very slight.

At present coaching is one of our big problems. During the past year at least six men who were outstanding baseball coaches have left Drayton Valley leaving a very noticeable gap in our leadership ranks. We certainly need leadership in order for this program to go on. Anyone interested in coaching Pee Wee or Bantam baseball, that is boys in the ten to fourteen year old group, please contact the Recreation Office, drop in or phone 542-3327.

For all minor baseball players, registration forms are available at the Recreation Office. You are requested to register early in order that we may be able to draw up teams and get the season under way as soon as the weather picks up a bit.

Oil Wives Observe International Night

The monthly meeting of the the Drayton Valley Oil Wives was held in the Cardium Room, Monday, April 18th. Seventy-eight members and two guests enjoyed a delicious ham dinner in a beautiful spring setting.

This being International Night, the Friendship Candle was lit and burned throughout the dinner and meeting. Our banner and motto, "foster friendship" was displayed as were our Club Charter and the efficiency cups that have been won by the Club.

During the business meeting, after each member of the executive had given her report she listed the duties of her office that the members of the club might become more fully aware of them, especially those ladies allowing their names to stand for elections next month. Head of the nominating committee, first vice-president, Jackie Timmins, read the slate of ladies running for offices in next year's executive.

Newly assigned duties for some offices include the table decorations duty being removed from Reservations and given to Constitution and Historian Chairmen. Constitution Chairman will also have the duty of summarizing the previous year's minutes each year.

Dot Booker, our representative to the Christmas Welfare Organization gave her report. Suggestions were made by the members for her to take back to the next meeting.

President, Lil Ross, Explained the Travel Fund, which is money used to equalize travelling costs to all clubs and help defray expenses for board members to attend meetings. A motion was made that we send $25 to this fund which was carried.

It was moved and carried that the club members each make a tote bag to be taken by our delegates to the convention this fall as a token from our Drayton Valley Club to all the delegates.

Our June meeting will be replaced by a Barbeque and Dance to be held in the Elk's Hall, Saturday, June 11th. Tickets are limited to 75 couples at $5.00 a couple and tickets will soon be available to Oil Wives and their guests. It was moved that dress will be casual or Mexican to go along with the entertainment and theme of the dance.

Members had brought white elephant gifts and following the meeting a lively auction got underway by capable auctioneer, Phil Pajak. Laughter was frequent as members bid high prices, sight unseen, for trifles, while some lovely gifts went for next to nothing. The auction moved along swiftly and the members dispersed clutching their "treasures" after a most enjoyable evening.

Buck Creek News

Mrs. Gladys D. Stec, Correspondent.

Mr. and Mrs. Frank Janishewski of Slave Lake were visiting relatives in the district over Easter.

Mr. and Mrs. Ben Regenwetter and family left by car to visit relatives in Saskatchewan.

Congratulations to the Gordon Haukedal and Stan Melin family's who are both sporting new cars.

Mr. and Mrs. Ralph Lambert are visiting relatives in Calgary for a few days.

Mrs. Isabelle Hunter and children of Edmonton were Easter visitors at her parents, Mr. and Mrs. Roos Sr. of Buck Creek.

Mr. and Mrs. Lawrence Hauser left by car for a trip to the coast over the holidays.

Visiting at the home of Mr. and Mrs. George Stec were Mr. and Mrs. Raymond Kallis and family and Mr. and Mrs. Lloyd Hough of Edmonton.

Almost half the world's total newsprint requirements is produced in Canada.

4-H Club News

A meeting of the 4-H Garden Club was held on Thursday, April 15th in the Recreational Room of the Town Hall.

Two demonstrations, one by Eileen Kjorlien and the other by Judy Romanchuk were given. Mrs. Shirley Vowk gave an interesting account on the recent 4-H Leadership course which she attended in Edmonton. Some plans for the coming bake and plant sale were made.

On Friday, April 15th, the club went to a 4-H rally which was held in the Sport Ex. Demonstrations were held, commencing at 1:00 p.m. and rounding out the afternoon, a hootenany was held. All in all the girls had plenty of fun.

Summary Regular Meeting Of A.A.R.N.

Eight nurses met on April 6th in the nurses' residence. Minutes of the March meeting and minutes of the executive meeting held on March 30th were read and accepted. The treasury now has about $97.00 in the bank.

A memo from M. Stoves re the annual convention to be held in May in Calgary indicated that the expenses of the district committee were to be paid instead of those of the chapter representatives. This means that if chapters wish to send a representative to Calgary this year, the chapter itself will have to meet expenses or the individual themselves must do so.

A second letter from Miss Stoves thanked the chapter for the comments sent in on the philosophy and objectives of nursing service in Alberta. There were some very interesting comments and observations noted on B.C's suggestions as well.

M. DeCiccio has permission to fulfill duties on the district executive if elected to the committee. Active R.N.'s in this area are asked to give their support by voting for her on their ballot. These ballots are now out and have quite a list of candidates to choose from.

Magazines and Easter greetings have been sent to the chapter's patient.

It was moved and carried that a new scrapbook be obtained and a more suitable arrangement of past mementos be kept. This is now in the hands of the publicity committee. In the future all minute books are to be numbered before entry and when full the dates of the contents are to be labeled on the outside for handy reference.

It was moved and carried that the financing of delegates to the convention be tabled until the next meeting.

A motion was carried that the chapter acknowledge the auditor of our books with an appreciative gift for his past work.

The president had an office supply catalogue available and after some discussion on cabinets it was decided that the secretary make further enquiries into details of obtaining one of the cabinets that seemed suitable for the chapter's needs.

The program for the chapter is planned until June. The June meeting will take the form of a dinner meeting to be held at 7:00 p.m.

Every nurse is asked to volunteer her services to P. McKillop if they are able to help at the Blood Donor Clinic on Monday, April 25th from 2:00 to 4:00 p.m. and from 7:00 to 9:00 p.m.

Following the business meeting members divided into two groups each taking one series from the programmed instruction in the A.J.N. "Anxiety" and "Internal Hemorrhage" were chosen.

These programs started in the September issue of the A.J.N. can be done by the individual nurse at her leisure time. The answers are readily available in the same issue and each topic starts with the basic facts and increases in complexity. Case studies are involved. They appear to be an excellent source of review for the nurse who has not been active as well as for the nurse who may wish more knowledge on certain topics.

For anyone interested the November issue has "Intravenous Infusion of Vasopressors" and in the March issue, "Ward Management for Quality Patient Care."

The two series chosen by the group were not finished as a great deal of time can be spent on them if a discussion is held on the basis for the answers. In this way they are excellent for bringing out basic teaching perhaps long forgotten in the practice of nursing today.

Members of the Pee Wee Oilers hockey team attending a wind-up banquet in the Jade Cafe last Tuesday are shown above. Back row left to right: Thomas Oscar, Lindsay Herbert, Girard Von Ulden, Allan Arnold, Ian Oscar, Wayne Halldorson. Centre row left to right: Zane Reinhart, Jerry Bills, Don Serenas, Lindsay Machan, Rodney Torgerson. Front row left to right: Bob Henderson, Assistant Captain; Larry Wall, Assistant Captain; and Allan Casey, Captain. Missing when the photo was taken were Jay Meraw, Brett Hammerlindl, Norm Jevne, Jerry Litke and Carl Sieben. The team which played in the Highway 16 West League was sponsored by Pembina Pipeline Limited. Coach and manager of the team was Harold Reinhart.

In twenty years Canada has gained 2.5 million immigrants, but lost one million emigrants.

United Church Setting For Young-Fry Wedding

In a charming double-ring ceremony, performed in Drayton Valley United Church on April 9th at 4:30 p.m., Miss Sandra Rae Young, youngest daughter of Mr. and Mrs. W.L. Young of Highvale, became the bride of Mr. Dennis Richard Fry, youngest son of Mr. and Mrs. T.T. Fry of Violet Grove.

The ceremony was performed by the Rev. J. Strachan before an altar decorated with baskets of spring flowers.

The bride, who was given in marriage by her father, was lovely in a gown of white satin with lace appliques on the skirt, fashioned with a detachable train, scoop neckline and short sleeves. Her bouffant shoulder length veil was held in place by a pearl halo head piece. Her only jewelry was a strand of pearls and she carried a cascade bouquet of blue tinted roses.

Maid of honour was Miss Judye Fry, sister of the groom. Miss Emma Melneichuk was bridesmaid. They wore identical floor length gowns of Dior blue satin and lace and each wore a brilliant tiara head piece. They carried colonial bouquets of white roses and lily of the valley.

Best men were Mr. Brian Young, twin brother of the bride and Mr. Ken Landseidal, a friend of the groom. Ushers were Mr. Jack Pearse and Mr. Doug Racher.

For her daughters wedding, Mrs. Young chose a two piece dress suit of surf blue terylene blend linen complimented by white accessories.

For her son's wedding, Mrs. Fry wore a two piece suit of petal pink lace complimented by white accessories.

After the ceremony a reception for 90 guests was held in the Elks Hall in Drayton Valley.

The bride's table, which was laid with a white cloth, was centred with a three-tier wedding cake flanked by pink and white tapers. Mr. Ken Landseidal acted as master of ceremonies. The toast to the bride was proposed by Mr. Horace Holden of Edmonton, uncle of the bride and was ably responded to by the groom. A toast to the parents was proposed by Mr. A. Jorgensen of Edson. During the evening a message of congratulations was received from the groom's sister in Centralia, Ontario.

Following the reception a dance was enjoyed with music by Lorenz Orchestra.

For a honeymoon trip to Niagara Falls, the bride donned a turquoise blue suit of wool crepe with black accessories and a white gardenia en corsage. On their return Mr. and Mrs. Dennis Fry will reside in Swan Hills.

Out-of-town guests were from Cedars, V.I., Edson, Edmonton, Westlock, Keephills, Violet Grove, Swan Hills, Innisfail and Highvale.

Berrymoor News

Mrs. Bea Cropley, Correspondent.

Muriel and Harry Campbell took some Berrymoor young people to Foothills Bible Institute in Winfield on Monday April 11th to attend Youth Retreat. Rev. Fred Thomson from Vancouver was guest speaker. Some of the folks from here attended the closing program on Thursday afternoon.

The graduation banquet of the T.B. Institute was held on Friday night in the dining hall. Closing exercises followed at eight in the Winfield High School auditorium. Congratulations go out to the young people who received their diplomas.

Our deepest sympathy is extended to Ted Barnett who lost his father recently. The funeral service was held in the Drayton Valley Anglican Church on Tuesday, April 19th. "Grampa Barnett" as he was known by many of the young folks will be sadly missed by all.

Congratulations to Mr. and Mrs. Terrence Gauigan (nee Darlene Haight) who were married on Saturday in the United Church in Drayton Valley. Claudette Barrett sang "Be Thou Their Guide" during the signing of the register. Reception was held in the bride's home following the wedding.

The Quarterly Conference of the Pentecostal Holiness Church was held on Saturday in the P.H. Church in Poplar Valley with Rev. Fred Thomson presiding.

Foretta Fowler of Drayton Valley spent the Easter holidays with Leeana Johnston.

Penny Robson visited Linda Pishke during the holidays.

Stewart Robson who is attending school in Edmonton spent the week with his family.

Judy Westlin of Calmar visited the Martin and Campbell families for a few days last week.

Frank Cave, one of the Bible School students is visiting friends in Berrymoor. He is hoping to get work soon.

We are glad to hear the "flu" bug has just about given up. Folks are getting to work again and the school buses are picking up most of their loads again. Joyce Barrett and others spent a few days in hospital.

Evansburg News

Mrs. Bruner, Correspondent

Well, spring must be here after all. We now have cute baby goats and some bantam chicks have hatched. Baby animals are always, to us, a sure sign of spring. Next will be the arrival of ducklings, goslings and colts.

Seems there's a rumour that the Ostertag coal mine was closing. The Pembina Peerless Coal mine closing would mean no more smell of burning coal as we walk by the Ostertag residence so upon checking with Charlie, we find it is only rumour and that he forsees many years of coal mining operation.

The District Agricultural Society held their meeting at the home of Mr. and Mrs. Ditner of Wildwood. The raffle being sponsored by the Society will take place on the 22nd. A clean-up day was planned for the fair grounds. Three of the ladies had run a concession at Mr. Zieglars farm sale and turned over a neat profit. Plans for educational demonstrations at the fair were made.

It is a confirmed fact that the Wildwood Community League are planning a parade and picnic for May 23rd. It is none too soon to begin planning your parade entries.

The Pembina 4-H Beef and Forage Club members held a successful cattle judging day at the Mazeppa farm. This was also attended by 4-H members from Tomahawk and Drayton. The members also reported an enjoyable and educational trip to Sherritt Gordon and the Planetarium in Edmonton.

Long distance visitors this week were Mr. and Mrs. Jim Carlson and family of Vancouver who are visiting at the home of Mrs. Carlson's parents, Mr. and Mrs. Mazeppa.

The cubs have now been launched on the new five star program with a study of the Canadian flag. Their project at the present is making such a flag out of paper. A star and several badges were passed at the last pack meeting. Four boys are now genuine Tenderfoot Scouts. They were invested at their last meeting.

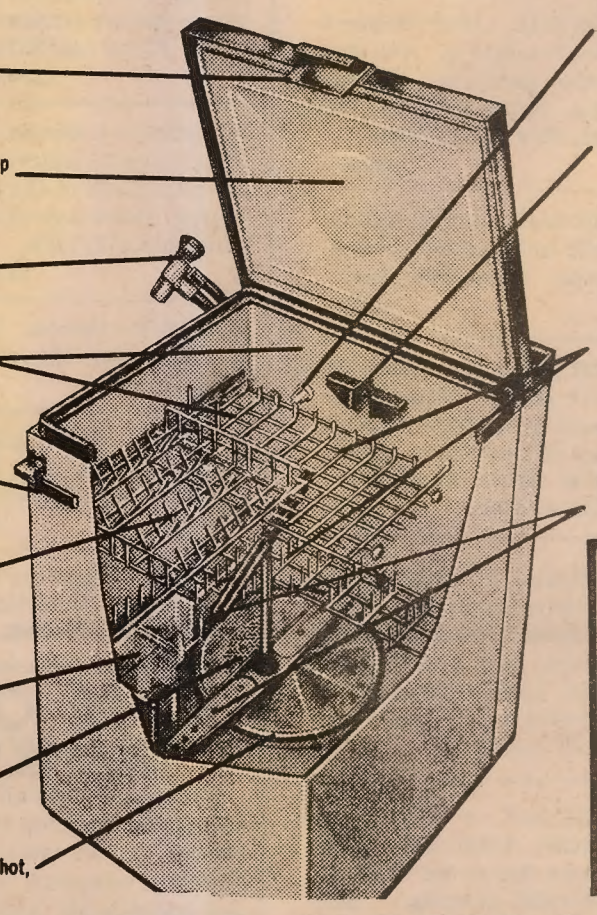
TOP RATED RCA Whirlpool DISHWASHERS



Lid switch stops dishwasher operation when lid is opened. Cycle is automatically resumed when lid is closed and latched

Counterbalanced lid with Formica top opens easily, closes gently.

Snap-on faucet adapter with aerator. A special relief valve relieves pressure for disconnecting without splashing.

Tough, resilient Plastisol cushions racks and interior surfaces.

Full-width pull bar and big ball-bearing casters make dishwasher easy to roll from place to place.

Roll 'N Load top rack moves to front or rear for straight-down loading convenience; spreads apart to provide full top-rack capacity.

Two large, removable silverware baskets.

Self-cleaning filter operates continuously; traps food particles which are then flushed away automatically.

Big, 800-watt heater keeps water hot, provides drying heat.

Automatic rinse conditioner dispenser is easy to fill; holds several weeks' supply of wetting agent.

Dual automatic detergent dispensers add detergent to each wash at the right time for greatest washing efficiency.

Recessed receptacle at rear stores hose and power cord. Smooth back fits flush to wall or cabinet.

"Random-Loading" top and bottom racks require no loading pattern, provide room for pots, pans, serving dishes and 18" platters. Racks can be removed easily.

Two rotating spray arms have scientifically aimed jet nozzles that force water against dishes in every section of dishwasher for tremendous scouring power.
